

Olli Tahvonen

Professor
University of Helsinki

Olli Tahvonen, D. Sc. (Econ.) is currently professor in forest economics and policy, previously appointed to professorship in economics, both at the Univ. of Helsinki. His 90 peer reviewed papers cover e.g. economic growth and resource scarcity, differential games on climate change and fossil fuels, fisheries, and forestry. He has published in in European Economic Review, Journal of Economic Dynamics and Control and Oxford Economic Papers, and in top journals in resource economics. His research has directly contributed to the redesign of forest policy and legislation in Finland.
