

Torsti Silvonon

Deputy Director General
DG – Market Operations
European Central Bank

Torsti “Toto” Silvonon is the Deputy Director General of the Directorate General Market Operations at the ECB. His responsibilities include the ECB’s activities in the areas of FX markets, foreign reserve management, the ECB’s own funds and pension fund investments, as well as the ECB’s asset purchase programmes. In addition, he oversees IT systems and financial service activities within DG-M. He is also representing the ECB in the Greening the Financial System work stream of the NFGS.
